Dear Mr. Murat Yoruk,

We are very much thankful to accede to our request for the meeting and sparing your valuable time to discuss about our forth coming Vibrant Gujarat Summit. India is fast emerging as a major economic power in the world. Gujarat, a State on the western coast of India, has been contributing immensely to India's growth story with a consistent double digit GDP growth for almost a decade. With massive strides in agriculture and various initiatives at the grassroots level, Gujarat has also become a model of inclusive and sustainable development. Gujarat houses a large number of Indian and foreign companies coupled with a well-diversified SME base.

Today Gujarat, the industrial and corporate face of India, is attracting investors' interests from all corners of the world. To provide a focused platform to do business, we have institutionalized a biennial event- Vibrant Gujarat Global Investor's Summit since the year 2003. The last Vibrant Gujarat Global Investor's Summit in January 2009 alone witnessed investment intentions worth USD 240 billion. We have also ensured that the investment proposals are processed fast and fructify in quick time.

It is with this background that the State is gearing up for the fifth edition of the event. It gives me immense pleasure to inform and invite you to Vibrant Gujarat - 2011 scheduled to be held on 12th & 13th January, 2011 at Mahatma Mandir, Gandhinagar, Gujarat, India. This summit is a great opportunity to understand the potential of Gujarat in various sectors. The summit is also an excellent occasion to interact with policy makers and industry leaders from all across the world. For more information about Vibrant Gujarat 2011, you may like to visit: www.vibrantgujarat.com.

Vibrant Gujarat 2011 promises to be bigger and wider in terms of coverage. The business event will comprise sector-specific seminars on 12th and 13th January. Besides, additional sessions in the form of Panel Discussions and Discussion Forums are being planned on 10th and 11th January 2011 – these sessions are planned as knowledge sharing sessions and will bring together global thinkers from various cross-sections for high intensity discussions on the challenges faced by the global community and civil society at large in order to arrive at possible way forward.

On behalf of the Government of Gujarat, I am extremely glad to extend an invitation to you and your country's participation to explore business opportunities in the vibrant state of Gujarat by participating in Vibrant Gujarat, 2011.

Thanking you and with regards,

Yours sincerely,

(Maheshwar Sahu)
